

ATH Cross Lift 35 UGA

Product Images

Short Description

Underfloor, integrated wheel-free lift,
active platform and wheel alignment kit included

Description

- High quality and robust hydraulic drive platforms scissor lift who require minimal maintenance
- Powerful hydraulic unit with load-dependent lowering speed controller
- With free-wheel lift (loading capacity: 3.5 t, lifting height: 430 mm), optional wheel alignment kit with recesses for turning plates in the front and mechanically lockable sliding plates in the back (incl. at ATH-Cross Lift 35 OGA / UGA)
- Pneumatic unlocking of the safety locks, CE-Stop and acoustic signal through lowering
- Emergency lowering device for lowering in case of power failure, monitoring of safety synchronization by light barrier.
- Ideally suited for inspection, repairing jobs and testing stations for driver assistance systems, optionally for wheel alignment

Additional Information

Rated load capacity	3.500 kg
Lifting height max.	1.830 mm
Total platform length	4.400 mm
Total platform width	620 mm
Driving power	2,6 kW
Lifting/Lowering time	ca. 60 s
Power supply voltage	3x 400V / C16A
Concrete strength	min. C20/25 6.100 x 3.000 x 200 mm
Installation depth	245 mm
