

ATH W102

Product Images

Description

- Manual input of distance, rim diameter and rim width
- Operation via ergonomically arranged front control panel, large shelf with numerous compartments
- Digital position display of the weights via LED monitor
- Manual drive with hand brake and five balancing programs (static / dynamic / ALU programs in truck or car mode)
- No additional wheel lift required, as the complete balancing unit with the clamped wheel can be raised
- Ideally suited for truck, bus, van and car wheels
